

Dear Sports Coordinator,

The Sporting Schools program was launched by the Australian Sports Commission (ASC) in July 2015. The ASC, Netball Australia and Netball Queensland are working together to ensure that all primary school children will have the opportunity to participate in fun, safe and active sessions as part of their involvement in the new Sporting Schools program.

The netball product on offer through Sporting Schools is ANZ NetSetGO. Excitingly, it can be delivered and tailored to suit the age and needs of students via the three different tiers.

'Net' Tier (Prep-Grade 2) is where students will learn netball related fundamental motor skills with fun games, music and dance.

'Set' Tier (Grades 3-4) will be when students will take part in modified games and activities with a focus on fun and teamwork.

'GO' Tier (Grades 5-6) is ideal for teachers that have inter-school teams that need assistance in coaching skills, teamwork and game tactics.

ANZ NetSetGO is Netball Australia's only junior entry netball program. It has been developed to provide children with the best possible learning and playing experience to develop a positive introduction to netball, ensuring enjoyment and continued participation.

ANZ NetSetGO incorporates skill activities, minor games, music, dance and modified matches in a fun and safe environment. The weekly program is coordinated by accredited coaches to ensure a quality experience for all participants.

The program costing will depend on several factors including the number of sessions and the number of participants. Please refer to the below tables which indicate the costing per program based on these factors.
